General information on the Fund

NBG INTERNATIONAL FUNDS FCP (the "Fund") was established on January 15, 2010 under Luxembourg laws as a *Fonds Commun de Placement* ("FCP") for an unlimited period of time.

The Fund is registered in the Grand Duchy of Luxembourg as an Undertaking for Collective Investment in Transferable Securities (a "UCITS") under the form of FCP pursuant to Part I of the Luxembourg law of December 17, 2010 (the "2010 Law"), as amended, and the European Council Directive 2009/65/EC concerning Undertakings for Collective Investment in Transferable Securities. The Fund is managed by NBG ASSET MANAGEMENT LUXEMBOURG (the "Management Company") a public limited company (*Société Anonyme*) governed by chapter 15 of the 2010 Law.

The Management Company is registered with the *Registre de Commerce et des Sociétés* of Luxembourg under reference K 108 - B 81 459.

The Fund's Management Regulations have been deposited with the Registrar of the District Court of Luxembourg and have been published in the *Recueil des Sociétés et Associations* (the "Mémorial") on April 1, 2010 and they have been amended and published for the last time on May 11, 2012, October 29, 2014, February 24, 2016 and on July 28, 2017.

The Fund is established as an umbrella Fund and issues Units in different Classes in the different Sub-Funds. The Board of Directors of the Management Company maintains for each Sub-Fund a separate pool of assets.

The financial year ends on December 31 of each year.

The list of changes in the portfolio is available at the registered office of the Management Company, free of charge.

Report of the Board of Directors of the Management Company

NBG INTERNATIONAL FUNDS FCP/ Dynamic Allocation Sub-Fund

The Sub-Fund implements a multi-asset strategy that invests in various asset classes (bonds equities, real estate and commodities) adjusting the tactical asset allocation based on volatility and momentum.

The year 2020 started with a bullish sentiment on equities, which ended when the covid-19 pandemic hit the globe. When it was clear that the crisis could affect everyone, global equity markets erased over a third of their value in a month, oil price plunged, unemployment hit historic highs and remote work became the new normal. On the other hand, the need for safe asset was very beneficial for gold that surged during 2020. The remarkable thing during the year was the immediate reaction of Central banks and Governments who responded with heavy stimulus, increasing bond prices and driving the stock market to rebound very quickly and in some cases to deliver new highs. In the second half of the year, the new US president elect and the positive news on vaccines' development enhanced investors trust.

The performance of asset classes in 2020 was mixed: US equities (S&P500/SPX Index) surged by 18.39% while European equities (STOXX600/SXXP Index) declined by 1.44%; European Government bonds (LEATTREU index) and European Corporate bonds (LECP TREU index) increased by 4.99% and 2.77% respectively; Crude Oil (BCOMCLTR Index) plunged by -50.71%, while Gold (GOLDLNPM Index) surged by 23.61%. US Volatility (VIX Index) levels started at 15% in January, which peaked at 82% in March when the pandemic hit, and then returned at 25% by year end.

The Sub-Fund performance in 2020 was 0.40% for class B Units, and 0.36% for class A Units.

Audit report

To the Unitholders of
NBG INTERNATIONAL FUNDS FCP

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of NBG INTERNATIONAL FUNDS FCP (the “Fund”) as at 31 December 2020, and of the results of its operations and changes in its net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund’s financial statements comprise:

- the statement of net assets as at 31 December 2020;
- the statement of operations and changes in net assets for the year then ended;
- the schedule of investments as at 31 December 2020; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Management Company is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with

the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Management Company for the financial statements

The Board of Directors of the Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Management Company is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Management Company either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Management Company;

- conclude on the appropriateness of the Board of Directors of the Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the financial statements

1 - General

The Fund aims to provide investors with a choice of professionally managed Sub-Funds investing in a wide range of transferable securities and money market instruments in order to achieve an optimum return from capital invested while reducing investment risk through diversification.

The Units in each of the Sub-Funds are divided in three Classes: Class A Units, Class B Units and Class C Units. Class A Units, Class B Units and Class C Units differ in the targeted investors and in the subscription tax rate.

Class A Units are reserved to retail clients.

Class B Units are reserved to international institutional investors within the meaning of Article 174 of the 2010 Law.

Class C Units are dedicated to investors to be determined by the Board of Directors of the Management Company or by the Investment Manager under commercial practices.

The amounts invested in Class A Units, Class B Units and in Class C Units are themselves invested in a common underlying portfolio of investments, although the Net Asset Value per unit of each Class of Units may differ as a result of either the subscription tax and/or the Management Fees.

As at December 31, 2020, the following Sub-Fund is available to investors and two classes are active:

- NBG INTERNATIONAL FUNDS FCP / Dynamic Allocation Sub-Fund: Class A Units and Class B Units.

2 - Significant accounting policies

2.1 Presentation of financial statements

The financial statements are prepared in accordance with legal and regulatory requirements and in accordance with the generally accepted accounting principles for UCITS in Luxembourg, including the following accounting policies.

2.2 Valuation of assets

2.2.1 The value of any cash on hand or on deposit bills and demand notes and accounts receivable, prepaid expenses, cash dividends, interest declared or accrued and not yet received, all of which are deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.

2.2.2 Securities and money market listed on a recognised stock exchange or dealt in on any other regulated market (hereinafter referred to as a "regulated market") that operates regularly, is recognised and is open to the public, are valued at their last available closing prices, or, in the event that there should be several such markets, on the basis of their last available closing prices on the main market for the relevant security.

2.2.3 In the event that the last available closing price does not, in the opinion of the Board of Directors of the Management Company, truly reflect the market value of the relevant securities, the value of such securities is defined by the Board of Directors of the Management Company based on the reasonably foreseeable sales proceeds determined prudently and in good faith.

2.2.4 Securities not listed or traded on a stock exchange or not dealt in on another regulated market are valued on the basis of the probable sales proceeds determined prudently and in good faith by the Board of Directors of the Management Company.

2.2.5 Investments in other open-ended UCIs are valued on the basis of the last available net asset value of the units or shares of such UCIs.

2.3 Net realised gains or losses resulting from investments

The realised gains or losses resulting from the sales of investments are calculated on an average cost basis.

2.4 Foreign exchange translation

The accounts of each Sub-Fund are maintained in Euro (EUR) and the financial statements are expressed in that currency. The acquisition cost of securities expressed in a currency other than the Euro is translated in Euro at the exchange rates prevailing on the date of purchase.

Income and expenses expressed in other currencies than the Euro are converted at exchange rates ruling at the transaction date.

Assets and liabilities expressed in other currencies than the Euro are converted at exchange rates ruling at the end of the year.

Notes to the financial statements (continued)

The net realised or change in net unrealised gains and losses on foreign exchange are recognised in the Statement of Operations and Changes in Net Assets in determining the increase or decrease in net assets.

The following exchange rate has been used for the preparation of these financial statements:

1 EUR = 1.23005 USD

2.5 Income

Dividends are credited to income on the date upon which the relevant securities are first listed as “ex-dividend”. Interest income is accrued on a daily basis. Income is recorded net of respective withholding taxes.

3 - Management fees and Investment Management fees

The Management Company is entitled, in accordance with the Main Delegation Agreement to a fee for his respective services rendered to the Sub-Fund.

Such Management Company fee is payable, by the Sub-Fund, quarterly in arrears and calculated on the average daily net assets of each Class of Units.

The Investment Manager is entitled, in accordance with the Investment Management Agreement, to a fee for his respective services rendered to the Sub-Fund. Such Investment Management fee is payable, by the Management Company, quarterly in arrears, and calculated on the average daily net asset of the Sub-Fund.

The Management fees and Investment management fees rates applicable at December 31, 2020, are as follows :

Sub-Funds	Class of Units	Management fees p.a.	Investment management fees p.a.
NBG INTERNATIONAL FUNDS FCP / Dynamic Allocation Sub-Fund	Class A Units	1.00%	0.50%
	Class B Units	1.00%	

In respect of a Sub-Fund’s investments in UCITS and other UCIs linked to the Fund, the total Management Company fee (excluding any performance fee, if any) charged to such Sub-Fund and each of the UCITS or other UCIs concerned shall not exceed 4% of the relevant net assets under management.

As at December 31, 2020, the maximum level of management fees (TER) that was charged to other UCITS and UCIs in which the Sub-Fund invests stands at 0.59%. In that case, the maximum total Management Company fees charged to the Sub-Fund including the TER of the UCITS or other UCIs concerned, represents 1.59% (1% + 0.59%) which does not exceed the maximum limit of 4%.

Notes to the financial statements (continued)

4 - Depositary and Paying Agent fees, Administration fees, Corporate and Domiciliary Agent fees, Registrar Agent fees

Each of the Depositary, the Administrator and the Registrar Agent are entitled to receive out of the assets of the Fund, fees pursuant to the relevant agreements between each of them and the Fund or the Management Company and in accordance with usual market practices. Such fees are calculated on the basis of the average daily net assets of the Fund and are payable quarterly in arrears. In addition, reasonable disbursements and out-of-pocket expenses incurred by such parties are charged to the Fund as appropriate.

In this respect, the Administrator will receive an administrative fee in an amount of 6.25 basis points of the average Net Asset Value. Also, the Sub-Fund will pay the Depositary a fee in an amount of 2.378 basis points of the average Net Asset Value.

5 - Taxation

Under legislation and regulations currently prevailing in Luxembourg, the Fund is not liable to any Luxembourg tax other than an annual tax, a *Taxe d'abonnement* payable quarterly, of 0.05% per annum of the Net Asset Value of the Class A Units and Class C Units (when launched) and 0.01% per annum of the Net Asset Value of the Class B Units; this Net Asset Value excludes the proportion of net assets of the respective Class of Units as of the last day of the relevant quarter represented by units or shares held in other Luxembourg undertakings for collective investment, to the extent that such units or shares have already been subject to the subscription tax provided for by the amended Luxembourg Law of December 17, 2010 on undertakings for collective investment, for which no subscription tax shall be levied.

Investment income from dividends and interest received by the Fund may be subject to withholding taxes at varying rates. Such withholding taxes are usually not recoverable.

6 - COVID 19

Covid-19 has impacted the financial markets and thus the performance and the volatility of the funds. The volatility in the financial market, although has retreated since last year's pick, still remains at high levels, while it is not clear if there will be a third wave of the pandemic. The funds remain invested in liquid securities but it is worth mentioning that in extreme market conditions, no single financial product is immune against liquidity risk. The same uncertainty is present regarding the timing of the crisis. In these difficult market conditions, we remain fully committed to our job and the operations of the funds are continued in a coherent and seamless fashion.

Global Risk Management

In terms of risk management, the Board of Directors of the Management Company has chosen the commitment approach in order to determine the global risk for all sub-funds of the FCP.

Remuneration policy

The Management Company has in place a remuneration policy in line with the Directive 2014/91/EU of the European Parliament and of the Council of 23 July 2014 amending 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities. The remuneration policy sets out principles applicable to the remuneration of senior management, all staff members having a material impact on the risk profile of the financial undertakings as well as all staff members carrying out independent control functions. The remuneration policy is determined and reviewed at least on an annual basis by a remuneration committee.

The current remuneration policy containing further details and information in particular on how the remuneration and advantages are calculated and the identity of the persons responsible for the attribution of the remuneration and advantages (including the members of the remuneration committee) is available at www.nbgam.lu. A paper copy of the remuneration policy may be obtained free of charge upon request.

There were three employees in the payroll of the Management Company, while there was no employee in the UCIT funds. No carried interest and variable remuneration is paid by the UCITS.

The Management Company has delegated the investment management of the NBG International Funds FCP to NBG Asset Management M.F.M.C., incorporated in Greece and regulated by the Hellenic Capital Market Committee.
